

Are You Ready?

Don't miss this opportunity to be part of a remarkable and exciting educational experience.

- Two virtual sessions (18/04 and 20/04)
- Real life application in a pressure cooker week hosted by NHL Stenden in Leeuwarden, The Netherlands
- 40+ participants from 3 different EU universities with different nationalities and cultural backgrounds

Blended Intensive Programme (BIP)

24th – 28th April 2023

Are you looking for an exciting and innovative way to further your education while working within an international context?

The Blended Intensive Programme (BIP) is designed to provide you with a unique and cutting-edge learning experience abroad.

Our programme is designed in cooperation with three partner institutions: NHL Stenden, Savonia University of Applied Sciences, University of Rijeka and supported by various business representatives and companies from the province of Friesland.

Additionally to two preparational virtual sessions, you will have the opportunity to work with peers from all around the world on a real-life challenge in Leeuwarden, The Netherlands.

AND BUSINESS**

Learning Outcomes

Upon completion of the Blended Intensive Programme (BIP), you will be able to:

- Collaborate with different individuals in a diverse and international context
- Explore various elements and perspectives related to Future of Work, Green Economy and Healthy Living
- Solve specific fragments of a given real-life challenge in a short time frame
- Apply design thinking critically to an intended research

Programme Highlights

18/04 and 20/04

Virtual programme

23/04 Day#0

Welcome to Leeuwarden!

24/04 Day #1

Get to know all participants and the programme of the week. Be confronted with a real-life challenge and together with your team, pursue and dive into the challenge with the application of world's renowned design thinking!

25/04 Day #2

Unleash your creative ideas and solutions and seize the opportunity to test your team's innovative prototype out in the field!

26/04 Day #3

Keep powering the engine of your team's prototype! Enjoy the beautiful city of Leeuwarden and after a nice treat to one of the most loved Dutch food, be ready to speed up for the upcoming big day!

27/04 Day #4

While enjoying one of the nation's most celebrated day, you and your team will further explore potential information relevant for your team's prototype!

28/04 Day #5

Finally, the big day is here for you! Show case your team's outcomes and get to network with various guests while they appreciate all the hard work and endurance toiled. And the best outcomes will certainly be well rewarded!

Leeuwarden

Both the largest town in Friesland province and its capital city, Leeuwarden drives the provincial economy. With a population of around 100,000, it is located in the north-western part of the Netherlands, about a 90-minute drive from Amsterdam and just 30 minutes from the North Sea coast.
