

Call for papers – ICES 2018

ICES 2018

INTERNATIONAL CONFERENCE OF THE SCHOOL
OF ECONOMICS AND BUSINESS IN SARAJEVO

Call for Papers

ICES Conferences present a distinctive opportunity for academics and policy makers to discuss most recent issues related to economies in transition and, to share views with respect to policies which focus on the CEE region in particular. Participants have found ICES Conferences an excellent opportunity to present their research findings and further their understanding with respect to the thematic fields which are of particular interest to them and wider academic community. We hope to have similar contributions in the future and especially to deepen our knowledge base by embracing collaboration and networking in the region.

Following earlier conferences with participants from nearly all over the CEE region as well as from many other countries, the School of Economics and Business in Sarajevo will host the 9th International Conference on October 12, 2018 in Sarajevo, Bosnia and Herzegovina. This conference aims to bring together academics as well as practitioners to discuss topical issues and disseminate high quality research in economics and business with a focus on Central and Eastern Europe. Another goal is to promote scientific information interchange between researchers, developers, students, and practitioners working all around the world.

You are kindly invited to submit papers for this conference. Original contributions are solicited on topics covered under broad areas such as:

- Microeconomics
 - Macroeconomics and Monetary Economics
